

Social media charter

As part of our Believe I'm Only Human cyber bullying campaign, Wigan Council is committed to protecting its residents and staff while online. As a result we're asking individuals to behave responsibly. This means treating others with respect, kindness and appreciating others' views and opinions. We will not tolerate aggressive or abusive comments on our pages. Nor will we tolerate users who are aggressive or abusive on other social media pages or anyone who condones this behaviour.

What we expect from our followers on social media:

- No insulting and incitement based posts
- No hate crime
- No swearing

Failure to abide by these rules will result in:

- Any abusive comments will be removed and the user reported
- Users will get a warning when behaviour falls below these standards
- More than one incident and you will be banned from our page
