09/08/13	29	to supply a bench to improve the look of the area and to provide a sitting area for the residents of Spring View	Eunice Smethurst	N/A	£1,251.00
10/09/13	34	I large skip to take away rubbish that has accumulated in Neville St. The skip will be there for one day, off the road and behind gates, work will be undertaken with different agencies to work with the community to get them to take responsibility for keeping their area clean. We are working with restorative justice, our own council depts and Network Rail and hopefully the schools. The rubbish involved is in the region of 30 ton some of it quite large. Once the area has been cleared this will make a huge difference to the look of the area.	Eunice Smethurst	N/A	£2,850.00
21/09/13	40	As last attempt, Spring bulb planting across Abram ward areas location identified and supported by Damian Jenkinson. (note first attempt at this was far more detailed application)	Martyn Smethurst	N/A	£2,000.00
07/10/13	50	Funding to provide 1 bag of daffodil bulbs to plant in a communal woodland/garden area on the Woodcock Drive Estate, Platt Bridge. Residents living near the site are tending this area and wish to make further improvements. Land is owned by Wigan Council (managed by Wigan and Leigh Housing)	Carl Sweeney	N/A	£80.00
13/11/13	78	Following concerns raised by the community, we have had discussions with Ian Marsh in the streetlighting team regarding the potential options to install lighting on a public footpath that runs between the end of Porlock Close and the end of Wright Street, Abram. The scheme would consist of four lighting columns, cabling works and associated control equipment. The footpath in question forms an important pedestrian route between a large housing estate and the shops and amenities in Platt Bridge Centre. It is also heavily used by parents and children who attend Holy Family RC Primary School as a walking route to and from school during the day. In recent years, ward councillors have secured an upgrade to the path (following requests from local residents) and it is now tarmaced and this enables year round, all weather use. The path is currently unlit and the Council have no statutory requirement to light it. Discussions with Ian Marsh of the Street Lighting Team in the Places Directorate have indicated the proposed scheme is not something they would ordinarily provide as part of their remit. We have explored whether they could make a financial contribution but they have no funding available. The school and Education department have also been consulted and have indicated they cannot fund the project at this time. The scheme also address community safety concerns, which residents tell us are the main reasons the footpath is not used after daylight hours. In winter, early dark nights deters residents and schoolchildren from using this safe route to school. We believe that by providing a lighting scheme, community safety concerns are addressed, the school is supported with its aims to get more children to a and from school on foot and residents have more options to get into the shops and amenities in Platt Bridge at night. In view of the fact that the Council are not statutorily required to provide this lighting scheme, nor have funding, we believe this meets the criteria for a project that can be delivered using the Brighter Borough Scheme. Street Lighting have indicated they could deliver these scheme if funding were made available.	Carl Sweeney	N/A	£8,000.00
16/01/14	92	Following concerns raised by the community, local groups and residents we have had discussions with Damian Jenkinson over the condition of a local community area within Platt Bridge, which has been neglected and suffered from some minor antisocial behaviour over historic times. The area in question forms an important pedestrian and vehicle access route between local shops and amenities within the village, together with over-flow parking for a important Community Centre in Platt Bridge offering a large assortment of community activities including a recently secured 60K extension to its facility in order to house the table tennis groups, building work still on going. Damien has forwarded a breakdown of the planned works for the clearance and area improvements, tree planting work in the centre of Platt Bridge facing the Community Centre. Supply and install 7 new Liquid Amber trees at 16/18cm girth (unsnappable!) rootballed and underground tied. Planting 7 16/18 DBH sized Liquid Ambers by way of means of underground guying	Martyn Smethurst	N/A	£2,442.00
11/02/14	100	Remove old Willow tree and remove stump to a flat level Remove and reinstate the ground to two damaged stumps, remove invasive Ivy and turn over soiled area Fell and remove dead tree and grind out, remove brambles, dead undergrowth treat with chemicals. Two trees that need raising and dead wood removed, no charge. Other local maintenance activities in the area, main road there are 3 other trees, however 1 stake needs lowering and tie strap adjusted, no charge. Also there is another stump that needs grinding out also no charge Securing the Brighter Borough funding for this scheme will improve the aesthetics of the area, bring in business for the local shops and community centre, injecting a positive vibe back into the area. Building on the investment already secured to the community centre.	Eunice Smethurst	N/A	£100.00

		To plant up 240square meters of a community garden with a rainbow mix of poppies ready for the WW1 celebrations during the summer 2014, the area will be used by the whole community of Platt Bridge/Abram Ward electorate and passing commuters, including schools and community groups. The rainbow mix will generate a caring and pleasant area to which people can sit and relax during our warmer summer climate whilst remembering those who where less fortunate. Rainbow Mix Seed To supply and apply a contact herbicide weed killer to area proposed as wild flower area Rotovate area to a fine tilth To supply and sow rainbow mix annual wildflower seed - rake in seed	Martyn Smethurst	N/A	£340.00

19/03/14	113	Following a number of ASC's, numerous requests and cost's to the council departments, the Community in Bickershaw and Smiths Lane area are desperately seeking some help to end environmental noise, dust , mud, loss of sleep, worry and damaged caused by a few. The installation of a camera would ensure community safety. I have been in conversations and site meetings with Terry Derbyshire, ASB unit, land owners and GMP to source the best suitable solutions, a location has been identified by our Technical & Projects Officer - Safer Environment to help residents of Bolton House Road Bickershaw, and Smiths Lane rest easily at night in the secure knowledge that offenders have been recorded, therefore improving the lives and well-being of both Bickershaw and Leigh West residents. Email from Simon Calderbank as some other evidence of the camera needs, Further evidence is also available should it be in any doubt the installation of a camera would not increase the security of the communities at these locations. "I have been actively involved here for 12 months trying to stop the 4X4's getting onto Bickershaw. I have already done works at the rear of Bolton House Rd but they have by passed it. I am more than happy to get involved and would suggest meeting on site, probably meet in the lay by at Smiths Lane near the closed car park. I have carried out work around the whole site but they are still getting on in 3/4 locations. I hope within the next 3 months to have sealed all the remaining problem areas, but we are going to need the help of GMP in future. I have asked for a price to erect about 12 S.39 signs around the site and hope to have those installed in the next 4 weeks. If you want to call round early next week I can show you what is happening. Off road bikes are likely to become a bigger problem. Simon Calderbank" Other councillors having historical issues in the reduction of off-roading at these locations include Cllr E Smethurst, Cllr C Sweeney, Cllr M Whiteside and Cllr S Greensmith, I am sure there are many others who have also attempted to resolve this issue here.	Martyn Smethurst	N/A	£350.00

24/06/14	593	We have been able to open the tower entrance to the church and to the garden of remembrance.This is used by all within our community to visit their loved ones. The entrance was closed due to tower repairs for some two years due to safety procedures,and has reopened last year to the delight of all.The tower windows were vandalised during that time, and we are fortunate to have received a claim for the repair of leaded windows from our insurers. Unfortunately we cannot claim for the protection of these ie polycarbonate.We have been fundraising for sometime to enable us to do this. We feel that our whole community would benefit from this undertaking. This surely will enhance the quality and care to our environment,and to entrance to the garden of remembrance,which is used and serves the whole community. 13/10/14	740	The Actiphons is a unique and innovative programme which teaches children and their families to learn their phonics and early speaking and listening skills through physical activity. We have been delivering the sessions to children at Jack in the Box nursery in platt Bridge and the programme has shown significant impact on the learning objectives which are set out for the children. The training is for the practitioners within this ward to attend so that they are able to learn how to deliver the training so that they can sustain the sessions within their own settings and deliver it to the children and their families who live within the Abram ward. The training programme equips the practitioners to be able to deliver the programme to children from the age of 2/3 up to 7 years old and it is devised so that the children are meeting all the objectives for speaking and listening and physical development set out by the Government. The settings will them be able to deliver it as many times a week thus reaching as many families and children who attend their setting. For example Jack in the Box nursery can deliver it up to as many children who attend their nursery from the age of 2 up until they leave them to go to school. We were targeting about 15 children when we went in to deliver the sessions ourselves. The children's centre would then be able to put it onto their timetable and deliver it as many times a week to reach maximum families. The programme not only educates the children and makes them more school ready but it also educated the parents into taking the learning into their home and maximising the children full potential.	Martyn Smethurst	Community Coaching Solutions	£500.00
13/11/14	799	The group are providing a Pamper Session for teenage mums in the area. We are using the children's centre in Hindley free of charge. We are supplying a buffet for mums and their children. The Image Centre at Leigh are coming along to run the pamper session i.e. massage,manicures etc. As the mums all have young children we are providing a creche. This will enable the mums to have some quality for themselves. We have sourced some freebies from businesses in the area and all mums will be given a goody bag to take away. We are also providing transport to the venue.	Eunice Smethurst	Butterflies Group - Platt Bridge Childrens Centre	£150.00

22/01/15	879	A calibration of two established organisations providing a unique project. We have engaged with local front line professionals along with potential project users. The outcome highlighted that those living at Brecon Close, and young vulnerable families living in Platt Bridge would really benefit from all of the aspects the two organisations can deliver. We will work closely with Louise Bridge in identifying families in the area to benefit. Using professional Counselling Techniques along with Creative Art Therapy and Multi Sensory Equipment, we work with the most vulnerable people to gain personal positive outcomes to assist them on to a better path in life. Our main outcomes for the project are: • Promoting Mental Health Well Being • Aiding Relaxation • Developing Positive Trusting Relationships • Building Self Confidence • Nurturing parent and child bonding: Looking at attachment issues and expectations We will deliver weekly sessions at Brecon Close, Platt Bridge and then Platt Bridge Children's Centre for a total of twelve weeks, which will be broken down into two groups. Each session will be different catering for the individuals needs and personal goals. During the session we will offer a multi-sensory Environment enabling relaxation and new ways of communication. Within the environment creative art therapy and counselling techniques will enable growth, confidence and self-awareness in the individuals, encouraging them to work through issues with an option of one to one confidential break outs available during the session. To measure the needs and outcomes of the young people an initial assessment with introduction and final evaluation will take place for each group. The final session at Brecon Close will also be the first at The Children's Centre as we wish to encourage those at Brecon to support those starting at The Children's Centre, whilst giving them the encouragement to integrate more into their community. 12/07/13	196	The Youth Dance Project is a not for profit organisation run by myself and a team of volunteers. This will hopefully be the third successful summer we have run the project. It provides youngsters 6-11 and 11-16 with Professional experiences and tuition in Dance - Street, Cheerleading, Ballet, Greek, Contemporary, Musical Theatre, Vocal Performance, Stage craft and Drama. The most we have catered for in previous years has been just over 50 children. The classes normally lead the children onto a group performance of their talents at the Ashton Summer Fair and other community events in the area.	Nigel Ash	Youth Dance Project	£600.00
23/07/13	210	Stubshaw Cross Residents Group piloted an Eco-project at St Wilfrid's school, Stubshaw Cross which was held for year 5 pupils in school on the afternoon of 18th April 2012. A similar project was delivered to Willow Grove primary school in September 2012. The projects were delivered by Mobile Media Partnership Ltd based in Salford Quays. This organisation has worked with Stubshaw Cross Residents Group to deliver a Summer Activities Scheme for children at Stubshaw Cross Park in August each year and has also delivered a spring half term activities event for children at five sites throughout Ashton and Bryn on behalf of the former Ashton and Bryn Township Forum. The aim is to get children interested in environmental issues and how they can make a difference in their homes and in the community. The children will talk about how they can save energy in and out of school and the importance of green spaces, wildlife and the recycling of resources. With the help of MMP staff they will create a radio script and produce an advert or a feature show about the eco-project which would be passed to the school on a memory stick or other appropriate device. The Stubshaw Cross pilot project was funded by the Ashton Ward Councillors' Brighter Boroughs monies and as a mark of good practice the Ashton and Bryn Community Network Group will be seeking funding to roll out this project to each of the other schools. The members of the group agreed that the project offered excellent value for money and will benefit the children and complement other Green Flag work. (KB) and (LH) have now contacted every primary school in the Ashton & Bryn Township to establish whether they would like to participate in the project in order to assess the funding required. Hundreds of new and enjoyable drawing activities connect people of all ages with museums, outdoor spaces, artists - and each other. These events are for those who love to draw, and those who think they can't. Since its launch in 2000, The Big Draw has successfully supported the Campaign for Drawing's aims by encouraging everyone to draw. Big Draw events highlight the power of drawing to help people see, think, invent and take action. Little Scribblers is a local business based in Ashton in Makerfield who are keen to plan a week long block of activities, finishing with a exhibition on the Saturday displaying all the children's work from the week. The event will be every afternoon from 12.30 – 4.30 during half term and will have activities for ages 3 – 16. We would be hoping to invite the local press to the exhibition on the Saturday along with the local councillors and the families of the children who were involved. To be able to run this week of activities we are asking the Ashton and Bryn councillors for £500 each. This £1,000 will be used for materials, staff, marketing and equipment. We will be charging the children for each activities also, but by supporting us you would be helping us to keep the charge down to £1.50 per child. Our Children's centre policy also ensures that if families are struggling and being supported by the centre we will cover the costs. The week will see 300 local children of all ages be given the opportunity to take part.	Nigel Ash	Ashton Sure Start Childrens Centre	£1,000.00
17/10/13	302	The biggest drawing festival in the world October is Big Draw month in fifteen countries, and over 200,000 people take part every year. 		<p>Haigh Bird Of Prey CIC centre will be opening within Haigh Country Park in July 2013. We will be adding a new, much needed attraction to the Park. Haigh Birds Of Prey is a Community Interest Compnay (CIC). Our business aims and objectives focus on making difference within our community through the work that we do with our Birds Of Prey. Our surplus profits are channelled back into benefitting society in an assortment of ways, so when you visit our centre or purchase an experience day from us, both society and Birds Of Prey really do benefit. Haigh Birds Of Prey CIC will build strong community links through a range of creative, interesting and fun activities using our Birds of Prey, bringing people and nature together through education, preservation and conservation activities and by exhibiting and delivering educational static and flying displays. Through our work we will inspire those with an interest in Birds Of Prey, their owners, and experienced falconers to take up training to build on their knowledge and skills and to formally recognise their achievements. We will encourage individuals of all ages to learn more about these birds and other animals, educating the importance of conservation. Our intention is to work in partnership with Wigan Leisure Culture Trust (WLCT) creating a unique Bird Of Prey Centre which offers an educational and interactive experience to all our visitors and the local community. From a wide variety of recognised training and educational packages to a more traditional range of Bird of Prey experiences such as</p>

02/08/14	669	The project is the ongoing maintenance of the Church Yard at St Elizabeths Church, Bolton Road, Aspull. Volunteers look after the yard but alas, our lawn mower has broken beyond repair. It is important that we replace the mower as soon as possible in order to keep on top of cutting the large area of grass especially around the graves. Our organisation runs an agricultural show every year; this year being the 25th anniversary since it re-started. The show originally dates back to the early part of the 20th century. Last years show attracted over 3,000 people and is the premier agricultural show within the borough. The show only makes a small profit each year and relies on additional events such as a hog roast, Xmas dinner, and race night to kep it going. We will use the funding to attract better attractions to our main ring, and for increased prize money to attract more large animal entries, (shire horses, horse and carriage, cows etc). 25/01/15	884	Last year, with the help of a Brighter Borough grant of £500, we began replacing all our internal spot bulbs with LED fittings and bulbs as part of a rolling programme which will give us long term energy savings. We completed the Prospect Lounge and part of the Clubroom. A further grant would enable us to purchase more of these to complete the Clubroom and then Players Lounge. These would then be fitted free of charge by a member who is a qualified electrician. All of our members would benefit as our overheads would be reduced and the savings reinvested in other improvements to the fabric of the building. In this way the community would also benefit as our facilities are available to individuals and groups.	Christopher Ready	Wigan RUFC	£500.00

11/02/15	916	It is hoping that the development of our school garden will visually enhance the surroundings of the school. Our intention for the area, when it is completed is for it to be used as an outdoor classroom (weather applicable). We also intend that the whole of the school community will benefit from the vegetable garden that is to be created within the area. This will involve all the children, and families, in the cultivation of the ground to ensure it is fit for seeds to grow and produce fresh fruit and vegetables for them all to enjoy during the summer months. When our vegetable garden has been established we are intending to operate a business enterprise venture by selling produce that is grown. In order for the above to happen we are going to need storage for garden tools and equipment. We are aiming to self build a green house from empty 2 litre plastic bottles that the children are busy collecting and bringing into school. The green house will be used for the production of vegetables that aren't able to be grown in the outside garden. The indication of number of people benefitting will be the 165 children currently on roll, their parents, siblings, grandparents and the list goes on so potentially this could reach to the majority of people who live in Aspull. 18/12/14	214	The Cooking on a Budget project will run for a period of 6 weeks, the focus being to look at cooking nutritious family meals on a very tight budget. Across the 6 weeks the attendees will learn how to cook on this restricted budget, but will also learn how they can make use of leftovers to make additional meals. Over the 6 weeks the participants will learn how to make 18 meals. Referrals will be taken from the Children's Centres and the local Foodbank at Atherton to ensure that people in most need benefit. Participants will go away with a list of all these traditional home cooked meals and will have a good knowledge of how they can utilise foods whether this be foods they have purchased or foods they have received with the support of their local foodbank. The course will also ensure that the meals can be cooked without fancy equipment, basic utensils will be used, top tips on measuring using cups etc.	Barry John Taylor	N/A	£1,500.00
11/11/13	327	Security gates for the community allotments. We are land sharing with the forestry commission. The allotments are for local residents to grow vegetables, we are also going to plant an orchard. we are having community allotments that we will plant for any one to harvest the produce. This will enable residents who are not capable to access fresh vegetables. The security gates are needed to stop people letting their dogs going on the raised beds also we have had some problems with teenagers coming and lighting fires. We have been advised to put gates across entrance to deter this happening. All local residents will benefit as we are not charging for the plots approx. 90 people will benefit at the present time. Marionettes is a safe place for them to come, do exercise in a fun way and sometimes get away from the stress of 'teenage life' for some girls. The Marionettes Morris Dancers are getting ready for their annual trip to Pontins for our Championships. We are looking for help towards this as the more funding we can raise, the less the dancers have to pay as when they are paying for the chalets etc it get be quite costly. We are looking to purchase new shakers at a cost of £413, these are for all our lines as we now share them and the little ones are having to use shakers which are too big. We also have to pay for new pumps, laces, knickers and socks for all the girls and also we have to pay for a van to take all our equipment etc which costs around £250 plus diesel so about £300. Also we like to present all the girls who have danced with a commemorative medal which cost around £50.	Joanne Platt	Marionettes Morris Dancing Troupe	£1,014.00
09/09/14	703	bb funding to meet 3rd party funding (landfill) to do some upgrading work on the meadow, Footpath need upgrading.	Brendan Bowen	Whitehead Hall Meadow Millennium Green Trust	£1,600.00
09/09/14	706	The project benefits the communities of Astley, Tyldesley and the surrounding area. It is a 13.5 acre site, which is open to the public for leisure activities 365 days a year, 24 hours a day. Activities include walking, photography, meeting with friends, exercising dogs and nature study. As well as being open to the public, the site is managed to maintain its original flora and fauna and to improve its biodiversity. The Trust recently had a biological survey and management report done by Mark Champion of the Wildlife Trust. The site is considered to be of considerable importance. A copy of the report has been made available to Andy Smallshaw (TPO Wigan) and Martin Purcell (Wigan Greenheart Project Manager) who both have an interest in the site. The Brighter Borough Funding with a private donation will enable the Trust to apply for LCF's of about £20,000. This money will be used to install disabled access to the Meadow (as discussed with Wigan's Disability Officers). It will enable the Trust to upgrade a public footpath to the south of the site, which the Trust spent around £10,000 on making fit for purpose when the Meadow first opened. The Trust also wishes to make another dry footpath through the Meadow along one of the desire lines to encourage the public away from the more sensitive areas of the Meadow, where a raw area of bog land is developing. In addition, the Trust wishes to move an access gate to enable a local farmer to cut parts of the Meadow, under the guidance of Mark Champion, in order to maintain the Meadow's character. This will help generate a small annual income as the farmer will pay for the material he removes. Hedges around the periphery of the Meadow require layering, which will improve them as habitats for nesting birds. Finally, scrub, which is overtaking in some places, needs to be removed to retain the integrity of these areas.	Brendan Bowen	Whitehead Hall Meadow Millennium Green Trust	£1,600.00
16/09/14	720	Our building which the charity, the Friends of astley scouts and guides manage, based in Astley was predominately used by schoolchildren who attended scout and guiding groups of an evening. Following investment from Virador tax credits in 2009 we have refurbished the building and are able to and continue to offer the building for use by the local community, including dance groups, keep fit classes, football coaching, children's parties and acting as a polling station as well as the continued use each weeknight by the scout and guiding groups. Through the dedication of our unit leaders the demand for the building remains strong and continues to do so and around 200 children use the building each week. We run three fundraising events here per year and this can attract between 500-1000 members of the general public per event. Our project involves the replacement of our main front door to the building to provide access for all including wheelchairs that are able to use our disabled ramp. We have had over the summer months a burglary at our building whilst we were closed for the summer period, and the need to improve security to our building is a priority for us. Due to the condition of the door we have had problems with vermin getting into the building and although we had this dealt it is advised by environmental health that we address this as soon as we can to prevent further problems. 16/10/14	743	The Actiphons is a unique and innovative programme which teaches children and their families to learn phonics and early speaking and listening skills through physical activity. The training is for the practitioners at Mosley Common children's centre to attend so that they can learn how to deliver the training so that they can sustain the sessions within their own setting and deliver it to the children and their families who live within this area. The training programme equips the practitioners to be able to deliver the programme to children from the age of 2/3 up to 7 years old and it is devised so that the children are meeting all the objectives for speaking and listening and physical development set out by the Government. The setting will then be able to deliver it as many times a week thus reaching as many families and children who attend their setting. We have been delivering some sessions which the centre have been able to fund for 10 weeks and we are regularly targeting about 15 families a week. The children's centre, after the training, will be able to deliver the programme as many times a week to reach maximum families. The programme not only educates the children and makes them more school ready, but it also educates the parents into taking the learning into their home and helps maximize the children's full potential. 07/02/14	399	cost of marshalling the 35th anniversary of the golborne mining disaster which will involve two hundred and fifty people We would like to purchase a defibrillator to keep in the school and we have secured one from a charity called Defib4kids but they would like a donation towards the cost of supplying one. The school can afford to put in £200 and we would like to ask for a grant to match this in order to make a reasonable donation of £400. We have a little girl in Reception class who has a heart condition and her parents have requested that we provide a defibrillator in the case of emergency which would more than likely save her life. In light of recent news of petitions to have defibrillators in schools for children who may not know they have a life threatening heart condition, we feel it is our responsibility to be as prepared as possible in the event of an emergency. 04/01/15	850	We are a morris dancing troupe based at XII Apostles Parish Hall in Westleigh and currently have in the region of 95 members made up of approximately 35 dancers plus their families. We have dancers ranging from 3 to 41 years old and welcome anybody regardless of ability, race, background or gender. We provide a safe environment for our dancers and families to meet up and practice. We encourage family involvement as to make it a hobby for the whole family to enjoy. We attend competitions throughout the greater Manchester area as well as the end of season championships in October which is held in North Wales. The only way we can get our dancers to these events is in our minibus which is now 19 years old and very tired. The committee has agreed its now not cost effective to continue to repair and the time has come to look at replacing it. We don't only use the troupe minibus for attending competitions it's vital when fundraising or doing displays for charity as we have done in Sainsburys Leigh and the Wigan store. Other activities for our dancers and their families include ice skating, a day trip to the beach and even spooky world at Halloween. Most of our families don't have access to transport and have very limited incomes so the minibus enables us to offer free or greatly subsidised means of taking part in these activities. Without our minibus we could not continue attending competitions and although this wouldn't prevent us from practicing it would remove the goal and the competitiveness which drives the dancers and their families to continue to be part of something which is special to them in fact most of our dancers see JD Stars as a second family. Life long friends have been made and we want to continue to keep our dancing family together.	Susan Loudon	JD Stars Morris Dancers	£2,500.00

08/08/13	235	The foodbank will be operating 5 days a week from Sept 2013 from 3 different distribution centres and 3 storage facilities. A van is required in order to move food from the main storage facility to local storage facilities. Also the van is needed on supermarket collection days when over 1 tonne of food is collected and needs transporting back to the warehouse. Further requirement is the ongoing collection of food fromm local collection points such as churches, supermarkets and rotary. The numbers of people benefitting from the foodbank in the Atherton area alone this last six months has been over 350 adults and 150 children. This is estimated to rise to four times this number in a full twelve month period in the Leigh, Atherton,Tyldesley, Astley, Mosley Common wards. Other beneficiaries would be school breakfast clubs plus giving voluntary activity in the community to over 300 people. We already have used over 150 volunteers in Atherton alone. 23/01/14	376	We run a not-for-profit nursery for children aged 2 to 4 years. We are also a registered charity. We accommodate children with a range of diverse needs, this includes children who access a 2 Year Funded Place, for which they must fit a criteria placing them at a significant disadvantage. We are providing a service that Ofsted have judged to be Outstanding to some of the most vulnerable children and their families. We would like to apply for funding to install heating units into the room that accommodates our 2 year old children. The children must have on-going access to outdoor provision and this often means that the room experiences rapid heat loss. during times that the children are accessing indoors, doors are closed to make the indoor environment as comfortable as possible for the children. The radiators that are in place take many hours to raise the temperature even just slightly. The new heating system will be both cost and energy efficient as it will provide heat more quickly in short bursts during times when it is needed. All children and their families that access our provision will benefit greatly from the new heating system.	Jamie Hodgkinson	Atherton Pre-School	£770.00

07/01/15	856	The money is to pay for the bird food used on The Three Sisters Recreation Area in the Bird Feeding Station. One of the main attractions of the Three Sisters is the Bird Feeding Station. The Friends have maintained this area, spending our group's money on replacing the roof of bird hide and painting it when needed. We also clean the bird feeders and put out food each day. In previous years this food was provided by WLCT but in 2012, WLCT decided they could no longer afford to pay for the bird food. The Friends know that many people visit the Bird Hide and so since WLCT withdrew the funding, our group has been paying for the food used at the Feeding Station. We are lucky that many of the regular users of the site support our initiative by giving donations specifically for bird food and they often give us bags of bird seed and fat balls, which help to reduce the cost. However we are a small group and our funds are from a variety of our own fund raising initiatives. Raffles, Tombola stall, sale of books etc. When I was talking to Cllr. Ann Rampling about the work of the Friends she said she would like to help us by using some of her Brighter Borough money to help us defray the cost of feeding the birds. I looked at what we have spent in past years on the food and the £300 represents an average cost per year. The feeding station benefits most users of the site. 28/10/14	762	We at the Mill Theatre are planning an event entitled the 7:11 Theatre Festival. Seven original plays will be performed over an eleven day period. We are inviting both new and experienced writers to submit an original play intended to last no longer than 30 minutes. All entries will be judged by a panel, and the most promising applications will be put forward to the next stage. The successful entries will be invited along to a writers workshop where they will be given the opportunity to take part in writing exercises, giving the applicants the opportunity to make amendments and enhance their scripts. This gives us an idea of how well the writers perform under pressure and how they interact with other members of the theatre. After this stage, we will select the strongest seven applications which we believe have the potential to be developed into a production to be viewed by the public. All seven successful applicants will be appointed a professional director and lighting designer/ technician who will work alongside the writer in casting and staging the production. We will also be inviting volunteers to work in various areas of the festival, such as acting and assisting the directors, lighting and set designers. This would be an ideal opportunity for students who are planning to study in this field to gain valuable experience of working alongside industry professionals and other members of the community. We expect to attract volunteers of seventy plus and are hoping to gain audiences of more than a thousand.	Shirley Dewhurst	MILLTHEATRE	£1,000.00

29/08/13	254	A community interest company is a business with primarily social objectives whose surpluses are principally reinvested for that purpose in the business or in the community, rather than being driven by the need to maximise profit for shareholders and owners. CICs tackle a wide range of social and environmental issues and operate in all parts of the economy. By using business solutions to achieve public good, it is believed that social enterprises have a distinct and valuable role to play in helping create a strong, sustainable and socially inclusive economy. 		Our aim is preserve a unique part of Wigan's heritage for future generations. Ten years ago we were made aware that a rare surviving ex Wigan Corporation Leyland Royal Tiger bus, fleet number 101 was in danger of being scrapped & lost for ever. The vehicle had been left outside in Yorkshire for many years & was in a derelict condition, but realising its significance to Wigan, we decided to save it despite being told it was beyond restoration & that we were mad to take it on (they may well have been right). We could not afford to pay for undercover storage & pay out for all the parts needed & so we carried out most of the work outside under a tarpaulin for 8 long years in both summer & some very cold winters; thankfully we have now managed to find some undercover storage at a reasonable rate. The bus is a very important part of Wigan's heritage, as its body was built in 1953 at Northern Counties works in Wigan. It is also unique in that it was designed from the outset to be used by Wigan councillors for various visits & was the only one to have moquette upholstery which we have replicated at considerable cost to ensure authenticity. Despite doing much of the work ourselves, the cost so far has run into many thousands of pounds, which we have funded almost entirely ourselves. The restoration is now well on its way, but as with any vehicle of 60 years old there are always ongoing issues which continually crop up causing further expense, but we believe this irreplaceable part of Wigan's proud history is worth it; we hope you agree. 04/09/13	33	Removal of trees on Glenmaye Grove in Hindley Green. Residents at more than one property on Long Lane are being adversely affected by large sycamore trees on Glenmaye Grove. The trees are situated at the end of Glenmaye Grove, a cul-de-sac wioth 6 properties, on a piece of land that is believed to be unadopted. I have confirmed that the piece of land concerned is not owned by the council. One of the affected residents placed a sign at the site of the trees for a period of over twenty one days asking anyone who could identify the owner of the land to come forward. This is in line with advice received from the council's tree officer Andy Smallshaw. No response was received. The resident also consulted residents on Glenmaye Grove and received a positive response in that the removal of the trees would allow for the development of a small community area. Subject to provisional approval, I am willing to conduct my own consultation of the residents on Glenmaye Grove to verify that there are no objections to the felling of the trees. One of the affected residents has provided a quote from Wigan Tree & Hedge Services to the value of £400.00 for the removal of the three trees.	Francis Stanley Carmichael	N/A	£400.00
25/11/13	83	The Hindley Green ward has 16 community salt bins that need replenishing on an ad hoc basis over the winter months. The cost of each replenishment is £25. It is anticipated that each bin may need to be replenished up to two times resulting in a potential cost of £800. A process has been agreed with Mike Purcell (Technical Manager Highways) whereby a specified contact number will be called each time a replenishment is required and the £25 charge will be taken from the total allocated funding of £800. The total number of replenishments required will ultimately depend on the weather. Therefore, it is possible that some of the allocated £800 will not be used. If that is the case, Mike Purcell will email Democratic Services and the remaining balance will be reinstated to Cllr Carmichael's Brighter Borough account. If the total allocated funding of £800 is used before the end of the winter, consideration will be given to a further scheme.	Francis Stanley Carmichael	N/A	£800.00

31/07/13	229	Re-flagging the uneven surface at the front of the church, together with renovating the pathway/entrance, which has become badly 'broken up' and unsafe during last winter's bad weather. Removal of overhanging trees. New signage. We feel this would make the premises safer for the community groups which use the premises - these consist of weekly Mother and Toddler group, Childminder group, Weightwatchers meeting and a Morris Dancing Troupe which practices in the hall. The church itself has monthly coffee mornings, open to the community, as well as ad hoc lunches, afternoon teas, quizzes etc. which are open to members of the community but mainly supported by the elderly in the area. Although I am not aware of the exact number of people attending the church user groups weekly meetings, I would think it would be well in excess of 100 with a mixture of children, young people and older people, with a further 30 - 40 attending when we have functions organised by the church.	Keir Stitt	Hindley Green Methodist Church	£400.00
20/08/13	248	Hindley Market revival .We will be supporting new business start ups encouraging people to work instead of claiming benefits. We will be offering free training to all our stall holders and ensuring that they get access to the advice they need. It will provide locally grown produce and homemade goods, improve quality of life and teach people to eat healthier. We will provide support for disabled people, people with learning disabilities and the local youth, in helping them achieve what they can't in a mainstream job. We have a huge community bond and regularly seek to provide what the community needs. Give people a sense of hope and achievement that they can succeed and uncover lots of hidden, suppressed talents. The market will be a beneficial service for the local community, economy, businesses, environment, culture, health and wellbeing, education and learning, employment, champions for change, advice, information and training, community cohesion, cleaner brighter borough, developing open space, improve quality of life, tackle obesity, social issues, waste management, recycle & reuse, voluntary sector, 3rd sector, youth offending, people with disabilities and learning disabilities.	Francis Stanley Carmichael	Hindley Market	£399.00
19/09/13	269	We have received a grant of £3500 to complete the replacement of our perimeter fence. Once this has been done we will have a concrete fence all around the rear of our site. 02/09/14	692	I am hoping to raise funds to provide the 19 children we have on our rugby team with a safe place to train in winter. In the colder months it becomes unsafe to train on frozen ground. The alternative being to train weekly on artificial grass, however, this comes at a cost of £243 for a 9 week course. This would take place at Newbridge Community Centre, Plattbridge, as they are one of the cheapest options. Additionally, I aim to provide the boys with track suits as this would ensure all children are identically presented at matches (especially those with no parental support) and provides warmth. The cost of 19 track suits being £665. We rely on our own fundraising efforts and have just undertaken a bag pack at our local Asda store which raised £140 towards our costs. Taking into consideration our own efforts we are still looking at a shortfall of £768. I do hope this is something you might be willing to consider. Kindest regards Allison Palomba	Keir Stitt	Hindley Arlfc U9s	£908.00
08/10/14	737	Replace fencing Wigan bound on Hindley Railway station to further enhance the work on that side - the present fence is patched up and has holes and wires sticking out. This would benefit the experience of thousands of passengers each year and finish off our prize winning station. The lawnmower will help us to keep the Manchester bound side lawns in tip top condition as our present one is hard to start and is getting quite old	Francis Stanley Carmichael	FriendsofHindleyStation	£1,478.00

05/11/14	784	NEW SIGN AT ENTRANCE TO BRUNSWICK RECREATION CLUB We have applied to Viridor for a grant to relay our car park. It was suggested by their representative when we recieved a grant to replace a fence. Having seen the state of the car park they suggested that we could be elligible for some funding. We have a bid for £15203.00 but we must find 10% from a second sponsor - hence the reason for funding. as you may see from other grants - we have a membership (which varies slightly) but in the region of 96+. Our hall is also used by 2 browhie packs, a Ranger guide unit, 2 keep fit clubs and a scuba diving club. Some 230+ people every week. In addition to this members of the local Church, Guides and Rainbows have latched on to the idea of using our car park as a staging point when they go on trips etc. From a safety point of view the car park is made of concrete which is over 60 yrs olod and is breaking up. Thus the need for a complete replacement.	Francis Stanley Carmichael	Club	£450.00

14/01/14	365	I am writing to you to ask for help in purchasing a new photocopier. We have had the old photocopier for 5 years which was funded by small grants. On Monday it decided breakdown leaving the staff with no way to print files, for lessons that day. We have had the work assessed and the cost outweighs the value of the machine. The machine is critical to the work we carry out as most evidence comes from portfolio work. We work with young people from various areas of Wigan including Ince, Spring View, Abram, Scholes, Platt Bridge and Leigh to name a few. We also work with the Phoenix Centre in Hindley which supports the most vulnerable young people of the borough. At present we are working with 60 young people and employ 4 staff from the Wigan area. The cost to purchase a copier of the same standard, due to the amount of coping taking place is £900. I am looking for any help you can offer which will reduce the impact on small amount of funds we have in reserves. Due to the financial pressures put on councils the turn around with invoices can be lengthened before payment, this can have an impact on turnover. The reserves we have are small so I hope you understand the problems I have with purchasing another machine. I hope you and any fellow councillors can help CAST in this time of need, Young people are important to the future of the borough.	David Trevor Molyneux	Cast North West	£500.00

07/08/14	671	The Group has been in existence since 2004. We use the teaching services of Anthony Barrow each week and members of the group pay for these and for the hire of the premises. However, we are currently trying to raise the profile of the group in the local community and would like to host some painting demonstrations by Tony to which we can invite friends and neighbours. Many members of the group are retired and value the time spent with other like-minded people; it's an opportunity for some to be out of the house and for others to have some cognitive therapy. Ultimately we would like to extend this opportunity to a wider group in the neighbourhood. The demonstrations would be a way of introducing people to the group and showing what is achievable. The group currently consists of 20 members, but we would anticipate at least 30 would attend the demonstrations. Our proposal is to host 6 demos over the next 15 months at a cost of £95 each. This would be a total of £570.	David Trevor Molyneux	Lower Ince Art Group	£350.00

16/07/13	199	We are planning to hold a number of activity days in Lilford Park over the coming year and have currently been approached by several local organisations who want to provide voluntary work i.e. from the general public, local schools, the NHS and the Greater Manchester Police. We therefore need to fund public liability insurance, garden tools, to obtain CRB clearances for our committee all of which will deplete our presently limited funds. We also need to obtain additional aggregate (stones) to complete work recently supported by Barclays Bank. An additional load of stones is required to fill the crescent seating area created as a new focal feature in the park which is proving to be very popular with the park visitors. Any additional (spare) aggregate materials will be used to repair the park entrance car park	Anita Thorpe	The Friends of Lilford Park	£500.00

04/03/14	429	The project is to enable adults with autism and learning disabilities with autistic traits from aged 18 onwards to complete a Bronze Arts award. The course enables learners to develop confidence and their social skills as an individual and as part of a team. The course will require a qualified assessor and tutor to deliver 30 guided learning hours to enable the accreditation to be gained. The course encourages the learner to develop knowledge of artists in various media's and explore a variety of styles and techniques of their own using different materials. The course will enable learners to experience new opportunities , experiences and environments that are usually difficult to access for someone with autism. The outcome of the project will be that the learners are part of a borough wide event that will take place in the Turnpike Centre in our local community, in the planing of and showcasing their own work as part of 'creative Leigh'. This will provide some voluntary roles for some individuals who feel confident enough and hopefully lead on to one of our learners becoming an ambassador for the arts in the borough. There will be 6 people who will benefit from this project. The funding will come from 2 councillors : Cllr Keith Cunliffe £600, and a further £600 from Cllr Myra Whiteside	Keith Cunliffe	True Colours Inclusive CIC	£1,200.00

It is regularly attended by 60+ young people and our planned project will extend the Youth Group to Monday nights also. It is presently staffed by volunteers from the estate, Premier Sports and Communities United Project and Centre staff. These volunteers, and more, are happy to be part of the Monday night group also. In support of the Project, since it began in June 2013, Anti-Social Behaviour on the estate has fallen considerably and the Police have backed our plan to extend the Project to include Monday nights. We have surveyed the young people who attend the present Youth Group and those that don't and asked them which new activities they would like to see on Thursdays and at the new session on Monday evenings. The grant will provide equipment for the activities requested.	Frederick Bown Walker	Higher Folds Community Centre	£950.00

24/03/14	469	The project involves the repair of the engine house to Leigh Spinners Mill (a major listed building - Grade II*) and the restoration of its historic steam engine, which is the largest of its type in the world. We have secured £75,000 towards this from WREN Landfill Tax scheme but require 3rd party funding support for this. The project is part of the full restoration of the mill and it now has 230 supporters and 26 signed up volunteers. The project has support from major agencies such as English Heritage and has been discussed and agreed with senior officers in the council (Steve Normington). We have now formed a company and have secured charitable status (reg 1155931). We hope to start work on roof repairs in September and hope to have the engine running in 2016. From experience elsewhere we envisage securing 4000 visitors per annum to the engine. Technical support will come from Museum of Science and Industry in Manchester and Northern Mill Engine Society. 25/06/13	166	On 12th July we have the voluntary attendance of 40 members of Barclay's Bank to carry out essential cleaning and tidying work on the park including jet-washing buildings, clearing and re-laying pathways and installing new benches picnic benches and waste bins. We don't have a generator for power to drive the jet-washers, power tools etc and would benefit greatly from having our own generator. These are available from the trade at approximately £250 each. We are presently relying on the kindness of others to loan us this equipment, but if we had our own generator it would free us up to do many tasks in the park which we are otherwise unable to carry out. The project will ultimately benefit all park users i.e. the people of Leigh, Atherton, Tyldesley and Bedford.	Myra Joan Whiteside	The Friends of Lilford Park	£250.00

13/06/14	583	the fund would be used to purchase a mini bus to transport adults with autism to and from the service to enable them a full day at true colours , and creating an environment on the bus with support that is more specialised to meet the needs of those with autism. the bus would enable us to participate in new opportunities and experiences across the borough and the greater Manchester region, integrating in wider communities which will enable skill development in independent living , social and employment/voluntary skills whilst enabling natural friendships and relationships to develop where on occasions learners can move onto community groups that provide meaningful roles that do not require paid support We would like to involve other community groups such as compassion in action to be involved in some of our activities so they also benefit from using the transport. the bus is has 17 seats , we have 22 people attending True Colours all will benefit and the community we work in . By having the mini bus we will be able to make significant reductions to the council in the form of individuals personal budgets , we estimate savings of over £400 a week by providing our own escort and transport at a competitive rate providing a quality service and eliminating the need for taxis with escorts and the use of integrated transport which both are more costly.	Myra Joan Whiteside	True Colours Inclusive CIC	£2,000.00
16/06/14	584	the fund will be used to purchase a mini bus which will be used to transport learners from home to True Colours each day . This will eliminate the need for taxis and escort provision as well as integrated transport which is much more costly. This will enable our learners to have a full day at True Colours rather than be restricted due to the schedule of integrated transport and taxi services. By having access to a mini bus this will enable our learners to participate in opportunities and new experiences further across the borough which will assist skill development in social, individual progression , employability skills as well as enable members of other community groups to share the bus with us,providing opportunities for some people to develop their natural support networks and friendships so they can participate in meaningful activities or voluntary roles in the community without being reliant on paid support. We will be working in partnership with organisations such as Compassion in action , friends of Lillford park amongst other groups.	Myra Joan Whiteside	True Colours Inclusive CIC	£1,500.00

01/07/13	177	Sandringham Court is a leashold scheme for people over the age of 55. there are 34 flats and 15 bungalows that share the communal areas. We have a lovely communal garden however there is no patio area to sit out and enjoy the sunshine. The grass is too unsteady to walk on as we have many residents in the 80's who are stroke survivors with limited mobility. if we are lucky enough to secure this funding we will have a patio area created with a footpath for wheelchair access. This patio area will make a real difference to the residents and their family members as they will be able to invite friends and family around and sit out in the garden. We are also applying for 2 magnetic door devices to hold two communal doors to be held open 24hrs to allow residents and visitors to pass through without fear of slip,trip or fall.	Pamela Denise Gilligan	The Courts Residents Association	£1,594.00

11/02/14	405	We are applying for Brighter Borough Funding to facilitate the development of an unattractive area within our school grounds. A Brighter Borough grant will enable us to purchase two benches and some planters for the school children, parents and the wider community to enjoy. We have been successful recently in applying for external grants and this additional funding will complement the other areas we have improved at the school. The children will be asked to design the area and we will hopefully be able to add other features with donations we receive from parents at the school from Community events. The children will learn about plants and biodiversity as part of the project is to ask the children to put the plants in the planters. This will ensure they develop a sense of pride in the school environment and a respect for their environment. Thanking you in anticipation.	James Nelson Grundy	Gilded Hollins Community Primary School	£646.00

17/03/14	453	Bees and Recovery is a voluntary organisation which aims to make bee keeping accessible to the whole community. Our primary focus is to include, support and encourage individuals in recovery to develop new social networks and to help support our declining bee population. We are committed to good practice in beekeeping and have enlisted the services of two local beekeepers to provide education and training around bee keeping. We are currently working with various charities, businesses and statutory organisations, to both raise the profile of beekeeping and increase people's knowledge of the subject. Our aim is to be as inclusive as we possibly can and encourage diversity in our membership. This will mean introducing bees into urban areas and meeting the challenges of overcoming social exclusion by work with marginalised individuals, as well as holding social events. We are also hoping to develop the project into a social enterprise centred around producing cheap hives and frames. The project will benefit around 150 individuals in the Lowton area	James Luke Cowley	bees and recovery	£1,500.00

10/07/14	635	Pennington Flash parkrun is part of a national initiative called parkrun with over 2500 events running every Saturday at 9am. Each event is a timed 5km that is accessible to runners of all ages and abilities FREE of charge. Pennington Flash parkrun is now in its fourth year and is the only one in the Borough. In summary:- • Entirely run by volunteers • Over 3000 runners have completed 18,000 runs and run in excess of 90,000kms since the programme begin in Leigh. • Averages over 100 each week with numbers now regularly 200 each week The unique thing about parkrun (to a lot of other running activities) is the social aspect. Many of the participants go back to the ranger hut for a brew, a biscuit, a chat. There are often home made baking offerings too. Unfortunately we have become a victim of our own success and with the large numbers the cabin is becoming a little cramped on rainy / very sunny mornings. We are therefore looking for funding to purchase a Gazebo. This will allow the local volunteers (10-15 per week) and runners to keep dry throughout th winter and cool throughout the summer. Over 80% of runners on average are from the Leigh/Lowton area, so by supporting the group with a grant you would be helping out a large number of local runners/joggers/walkers.	James Nelson Grundy	wlct Gilded Hollins	£500.00
16/07/14	639	We aim to contrsuct a reading garden in the school grounds to encourage children of all ages, abilities and backgrounds to improve their reading skills. 22/01/15	878	Braithwaite Residents association have already secured significant funding towards the refurbishment and extension of the play area on Braithwaite Road in Lowton. The grant will contribute towards the costs of the refurbishment of this play area. This is the final piece of the funding jigsaw and will result in a total investment into the play area in the region of £80,000. The total investment cannot proceed without the input of the Brighter Boroughs Funding. The new play area will be open to all residents. (Immediate estate has in excess of 1,000 houses). The total levy payment required is £5,100 and the residents association have already secured £1,600. 03/06/14	556	The project proposed is the extension of a wooden bird hide located on the reserve to allow equal opportunities for children and people with physical disabilities to enjoy connecting with nature. The Greenslate Water Meadows on the Orrell Reservoir is a popular reserve used by many people in the local community to unwind and enjoy the outdoors. The Friends of Greenslate Water Meadows previously gained funding for the installation of a community bird hide in 2008 to improve the public's interaction with their local green space and native wildlife. The current hide has only one bench and two fixed height viewing slots to allow people to spend time outdoors watching and connecting with local wild birds. Since it was installed the popularity of this hide has been constantly increasing. As the reserve is a popular walking route the bird hide attracts many different types of people including; families, recreational bird watchers, dog walkers, students from Winstanley College, retired individuals and people generally enjoying the outdoors from both the local community and further over the Wigan Borough. Unfortunately it has been identified, through speaking to the reserve visitors that the bird hide in its current state is not adequate for the demand and to allow for the involvement of all people from the community. Due to the fixed height viewing slots people of different heights cannot comfortably look through the hide without sacrificing their posture, resulting in some discomfort. It is also apparent that some children have to climb on the hide to see though it, this again has negative effects of increasing the risk of falling and physical injury, causing damage to the hide, disturbing the wild birds and consequently ruining another person's experience. Furthermore due to the fixed height the only way people using wheelchairs can see the birds is to view from around the side of the hide which again disturbing the birds' activity, also with there being only one seat at the hide, people who are not able to support themselves standing are unable to use the hide if this seat is occupied. Therefore people with physical disabilities are not able to use the hide in the same way as more able adults. Although this is a small request to extend a hide the group strives to engage the local community in the outdoors as much as possible and the existence of this bird hide does have a positive effect on physical and mental health, as people getting to spend more time outdoors and creating a stronger community improving interaction between people over a shared passion or time spent together. 13/06/14	581	The current Under 15's (next season's Under 16's) are undertaking a tour to Perpignan in the South of France. We currently have 20 players, all of whom will be travelling plus 3 Coaches, 2 First Aiders and the families of the players. Potentially 2015 season is the last season the lads will play together as a team, with many off to college etc and we want to make it as special as possible for the lads, many of whom have been together since Under 7's. Whilst in France the lads will play a couple of matches, including the curtain raiser at the Catalan game on Easter Monday, providing the Catalans are at home that day (they usually are). As you can appreciate organising a tour for approximately 62 people comes at a great expense and the lads are all taking part in various types of fundraising including bag packs, car washes, sponsored walks etc.	David John Arrowsmith	Orrell St James Under 15's	£3,900.00

31/07/13	28	Changes to the refuge collection system has had a detrimental affect on some of our residents situated in a terrace of 20 properties at the end of Broadriding Road Shevington The problem is new refuge vehicles can not access the back of properties to collect bins and the surface of the alleyway along the back of the properties, which is unadopted is in a very poor state of repair and residents have to navigate with their bins along the backs of the properties and through alleys between the houses which is uneven and strew with debris and vegetation. Following discussions with residents we have agree to submit a joint application between the 3 district councillors to clear and remove the vegetation and debris, and lay a partial pathway of road planings along the back of the properties and in between the houses to enable residents to take their bins along a smooth surface, with the added benefit of tidying up the area and making it more pleasant to look at. Residents have been informed that they may provide their own funding to build onto this work and make the pathway wide enough to cover the whole backs, which is something they will consider after evaluating the success of this scheme We have had several visits to the site and have posted a letter to residents whose properties back onto the pathway to ensure all residents have had ample opportunity to give their views	Paul Anthony Collins	N/A	£3,630.00

27/09/13	44	This project is part of a larger project on improvements to Shevington Recreation Grounds, which is a community facility central to our ward and is managed by Trustees along with volunteers and the extent of the work is determined by external funding. The dates are provisional as work will depend on when funding becomes available. The work is to repair and improve a footpath running alongside the grounds with the aim of improving access for prams and wheelchairs as well as improving the entrance to attract more people to use the grounds for sports and recreation purposes and to install benches and develop a wild flower area alongside the footpath which will be an attractive feature but also be more manageable for our volunteers as the area has become badly overgrown and neglected over time It is also hoped that this will help us to secure more significant future external funding from the Football Foundation approx £300,000.00 for the provision of changing and shower facilities for local sports clubs and community groups Prior to this we have had some work done to improve the field drainage to make the ground better for our childrens sports teams and community activities for example Shevington Fete was held on the grounds which was well attended which demonstrates that this open space has many uses and a lot of potential I have identified Peter Hollinrake from WLCT to manage the overall project, working closely with Jim Maloney who is a lead person appointed by the trustees and has secured external funding and the overall footpath improvement project is as follows. Peter Hollinrake can provide any quotes and costings for works to be completed. The actual cost will need to be finalised to match the funding that we have been able to secure The current proposal Grant Secured from Awards for All lottery funding £8,952.00 (Jim Maloney) The three Ward councillors have agreed to put £5,000.00 forward as matched funding Simon Calderbank to make provision for £5,000.00 matched funding from 106 Open Spaces Total project cost £18,952.00 We believe this project will enhance a sense of pride in the area, attract more residents to use our open spaces and demonstrate local commitment to support our bid for a very high level of future external funding	Paul Anthony Collins	N/A	£5,000.00

13/05/14	131	This request is to support our Shevington In Bloom team volunteers in order to improve an area beside a new orchard recently created on Miles Lane in the centre of Shevington. the work will involve the restoration/modification of 2 benches and repairs to the area beneath the benches in order to create an attractive view for residents who wish to rest/relax in the area. This will promote and enhance a sense of pride in our ward and will contribute to judging by national judges from Britain in Bloom as our local bid is considered. This request is part of a wider ongoing project aimed at the national Britain in Bloom bid as well as promoting ongoing improvements within the ward. Given the importance of our entry in Britain in Bloom national competition which is approaching fast it would be beneficial to consider this request at the earliest opportunity. Thank you	Paul Anthony Collins	N/A	£540.00

16/06/14	137	To provide matched funding and further support to the Volunteer Trustees of Shevington Recreation Ground which is a local open space central to the ward with open access to members of the public for recreation purposes. The project will build on recent work to improve the footpath and a wild flower area by re surfacing the footpath for better access for mobility scooters and prams etc, new vandal proof benches and an ornamental entrance archway, in addition to this there will be some remediation work to accomadate the footpath, re planting and generally improve the area. Once the work is complete 3 schools have agreed to adopt a section of the wild flower area for educational purposes and the project will support work by our In Bloom volunteers. The aim is to improve access to the area and attract an increased range of users of the area whilst at the same time providing vital support to our volunteers and introducing a facility that will involve more of the local community in improving their area and involving local children via schools to learn about wildlife and other related projects etc	Paul Anthony Collins	N/A	£3,000.00
12/07/14	145	Following on from previous work where we have had football posts installed for young people on the old bowling green beside Coronation Park in standish lower ground, we have found that the football posts have been successful at attracting young people to participate in playing football and the posts are well used. However we have also found that other maybe older children have been re orientating the posts to face the other direction, which has causes a conflict with local residents as balls can go into peoples gardens and damage property etc and the nature of the posts makes it difficult to control After consulting with ward colleagues, residents and WLCT, a solution has been proposed to make modifications to permanently secure the posts into position by having a solid base and welding the posts into their permanent position, which would facilitate the children playing whilst at the same time would prevent the posts from being moved or protect them from being damaged. 27/11/14	204	After consultation with our In Bloom champions the Three district councillors have agreed to contribute to a local scheme and fund the purchase of a display cabinet to be situated in Shevington Library. The purpose will be to display the trophy's and awards which have been won by our local In Bloom volunteers and we believe this will help promote and encourage community participation and celebration. in addition to the cabinet there will be an additional £650 or so for a community display board the funding for which the group with raise by fundraising and approaching Shevington parish council so the introduction of this cabinet should be considered as matched funding towards the overall scheme although it will be required prior to the introduction of the community notice board. The person responsible for In Bloom with regard to this application is our community champion Margaret Carter working in close conjunction with Kim Collins a manager from our Library, both of who can provide any additional information required	Paul Anthony Collins	N/A	£875.00
03/12/14	211	This scheme is proposed following working closely with Wigan & Leigh Homes and is intended for the purpose of providing matched funding to improve the surface area and visual appearance of some unadopted land between the back of Shevington shops parade and Inward drive housing estate as well as improving an area alongside the youth club for situations should an ambulance be needed to attend incidents on Shevington recreation ground, these areas have been a problem for a number of years and these improvements will make a significant improvement to the appearance of the area and we believe will enhance a sense of pride in the area. £2068.80 has already been approved at Wigan area housing forum 15/10/14 and a Purchase Order has been requested for that amount and this proposal is to provide matched funding to make up the total amount to enable the work to be completed. The amount required from for Brighter Borough to make up the total is £517.20 i.e approx %20 of the total. we have been waiting for work on drains to be completed before work could commence and this work has now been completed so work on the surface can start. 31/10/13	312	The four new beds in SLG and the two new planters in Frodsham Close have been funded by Wigan and Leigh Housing. Standish Lower Ground in Bloom needs to plant perennial plants there to save funds and time in the future - Damian from Wigan-in-Bloom agrees with them. Then in summer and Autumn/spring plant a small number of colourful annual plants which will also need a plastic greenhouse to store them in over Winter . Everyone driving through Standish Lower Ground will benefit from this grant. We are looking into taking the whole school to The Albert Halls, Bolton to see "Jack and the beanstalk" approximately 120 children. We would like to give the whole school the opportunity to experience a visit to a theatre and the fun of a family school day out. Our children would really benefit from the excitement and enjoyment of the pantomime but parents would find it difficult to fund this event. The overall cost would be: £1573.64 The Pantomime tickets would total £1003.64 and the coaches cost is £570	Michael John Crosby	Standish Lower Ground in Bloom	£390.00

07/01/15	854	I have been running art classes at my local library since February 2014 and due to their success I decided to found an art group and make us official. I volunteer my time to run the art group and I don't charge people to come. I provide all the equipment so people can just turn up and join in. I regularly get between 10 and 15 attendees that come fortnightly for sessions that run usually for two hours but can run for longer and not only is it an art group where we learn together but it is a social gathering where people have made firm friends and enjoy other people's company. As a celebration of a year since I started running the art classes we are having an exhibition of work in Shevington Library Gallery and the pieces that people submit to the exhibition will require framing, part of the money from this grant will cover frame and mount costs (I will be doing the mounting of the pictures to save money). 		We are currently at the 2nd phase of the children's participation of our outdoor environmental project- Dragon's Den. We have an area of land within our school grounds which we have been developing for the past couple of years as an Outdoor Learning Classroom. The area was overgrown and wild. We acquired planning permission to develop the area and create a pond area, which we have achieved. Alongside local cluster schools the children designed and developed the area, which now includes a pond, a maze and an amphitheater. We are now at the stage where we would like to develop the area further so the children from local schools and other community groups can use the area to further their learning and carry out fieldwork based activities. When questioned about how they would like to further develop the area, the children requested tables and benches that they could work at, as they do in the classroom. this would enable them to take books and other classroom based activities down into the Outdoor Classroom and use this facility to extend their learning beyond the classroom. They have also suggested developing other areas of the garden to include other subject areas e.g. a story circle, a peace garden, an archaeological dig, an outdoor music area. It is hoped that other schools and local community groups such as scouts and brownies would be able to access the area also. A holiday club is ran from our school, which children from Standish and surrounding areas attend, and the holiday club has access to the area during school holidays (Easter and Summer)		wood fold primary school	£600.00

16/10/14	744	The Actiphons is a unique and innovative programme which teaches children and their families to learn phonics and early speaking and listening skills through physical activity. The training is for the practitioners within the Standish area to attend so that they can learn how to deliver the training so that they can sustain the sessions within their own setting and deliver it to the children and their families who live within this area. The training programme equips the practitioners to be able to deliver the programme to children from the age of 2/3 up to 7 years old and it is devised so that the children are meeting all the objectives for speaking and listening and physical development set out by the Government. The setting will then be able to deliver it as many times a week thus reaching as many families and children who attend their setting. We have been delivering some sessions at Standish Methodist Hall which the Children's Centre have been able to fund and we are regularly targeting about 12-15 families a week. The children's centre, after the training, will be able to deliver the programme as many times a week to reach maximum families. The programme not only educates the children and makes them more school ready, but it also educates the parents into taking the learning into their home and helps maximize the children's full potential. 13/01/15	865	Friends of Standish Library is a group of enthusiastic volunteers who have come together to support the work of Standish Library as a hub of the local community. We seek to raise the profile of the library, making local residents aware of the services it already provides, and supporting their expansion. This year sees the 50th anniversary of the opening of Standish Library, and we are planning an extra special programme of events to mark this milestone, culminating in a big community celebration on Saturday 9th May. Events already planned for the weeks running up to the big day include pizza and craft nights in the library for local Scouting and Guiding groups, competitions for people of all ages including colouring, badge design, story writinga and cake baking, and various workshops and speakers. Standish in Bloom and pupils from Standish High School are involved in making improvements to the gardens surrounding the library. A living willow sculpture is planned for the garden to the rear of the library, with the artist also running a drop-in workshop on the anniversary day itself. As well as the competitions for the children, we are also planning a "treasure hunt" around Standish, with children hunting for owls reading various books in locl shop windows. The week leading to the big event will be launched with a visit from the owls of Haigh Hall on Saturday 2nd May. On the big day itself we will be "hugging the library with scarves", most of which have been knitted and donated by local residents, with others coming from our twin town in France, Angers. We will also be decorating the trees around the library with crocheted panels. We are hoping for a peal of bells at St Wilfrid's Church, and performances from local choirs. There will be a grand raffle, with local businesses being approached to provide sponsorship/prizes. We have been amazed by the amount of support and interest we have already received, with all local schools and nurseries getting involved, along with support from the local WI, various local businesses, Standish Voice, Guiding and Scouting Groups and staff and residents from local care homes. We hope it is clear that this project will involve and benefit all members of the local community, young and old.	George Fairhurst	Friends of Standish Library	£1,000.00

07/06/13	141	The inflatables are an integral part of the pelican centre strategy to engage the local children to learn to swim and then enjoy fun in the pool. An example of this was week one when the pelican centre opened it had six children attend a fun swim with the inflatable now these fun swims are now on at least twice a week with 70 attending each session. The children themselves ask for them to be put out in all school holidays. This has caused an upturn in children swimming at the pool but the downside the inflatable is now coming to an end of its lifespan.	Stephen John Hellier	Pelican Centre	£3,000.00

12/11/13	329	Atherton and Tyldesley Sports Association was set up in 2011 to benefit the children of the Primary Schools in the area. Although each year there are approximately 800 children who benefit from the group, many of the resources that will be purchased using this funding will benefit the children for many years to come. This is because the funding will be used for our logo design/letterhead (designed by children from local schools), our certificates. It will also be used to fund new trophies for some of our events that are new this year. Funding will also be used to purchase consumable resources for our popular cross country event (300 children!!)	Stephen John Hellier	St. George's Central	£500.00
15/11/13	339	It is estimated that over 800 children will take part in ATSA sports events this year. However, if successful, the majority funding used this time will be used to fund many resources that will be used for the whole future of the group - logo design/professional certificates. Therefore it will have a much wider reach as it will help set up things that will be in place for a long time to come. Further trophies for some of our newer events will also be purchased, as will some consumable resources for our most popular event - the cross country (277 children take part in one night!) 25/03/14	470	Currently over 700 children (16 Primary Schools and 2 High Schools)have benefitted from ATSA this academic year alone. This includes both Primary aged and some Secondary Sports leaders. We have 55 staff members. Our aim is to hit 1000 children by our last event this academic year (July 2014). We have recently had our first adult event and this is an area we are looking to develop for the academic year 2014/15. We provide sporting competitions and events for Primary aged children in Atherton and Tyldesley. We have links with several local professional and amateur clubs, Nottingham University, Lancashire FA, National football museum, Animalates. We are looking to provide ID badges for all our members so that at events children and adults are fully aware of who staff members are and are comfortable communicating with them. There is also the child protection element that such badges would help guard against.	Stephen John Hellier	St. George's Central CE School	£400.00
16/04/14	513	The current Swimming Pool is 50 years old this year, having been first opened by the Councillors Hilbert and Kerfoot of the then Urban District Council of Tyldesley on 22/05/1964. As you are aware the Communities in the area have enjoyed a Swimming Pool for over 138 years - since 1876, the original Pool in Union Street being replaced by the current pool in 1964. Therefore Natalia and I would like to hold an event at the Pool to mark this anniversary – over the Bank Holiday Weekend 24-26th May. This would involve Pool Parties, Free Swimming for all; over that period and maybe some reference to the buildings previous heritage as a Cinema with a little help from the local Film Society perhaps ? The grant money will be used as the Third Party Contribution, which is vital as a lever to drawdown £45,952.80 in landfill tax funding that will enable the full delivery of the Cutacre Conservation Grazing Project. The Cutacre Conservation Grazing Project will centre on over 18 ha of grazing land within the Trust's new reserve at Cutacre. This land had, until recently, been over-grazed, mismanaged and neglected. Access infrastructure and fencing has become dilapidated and the site is no longer secure for livestock management. The Trust now has full management control of the site and wishes to bring the land back to life. Recent surveys have shown that despite the mismanagement, the site supports an important range of UK priority species and the fields still retain a good diversity of plant species. The Trust wishes to replace the non-functional fencing with over 6000 meters of new fences, field gates and cattle handling facilities that will enable us to undertake conservation grazing on the land. The fields will be grazed at a low level to enable a more diverse and varied landscape to be created, providing plants the opportunity to flower and set seed and enabling the regeneration of species rich lowland grassland, a UK Priority Habitat. Soil analysis has shown that the grasslands are still capable of restoration to species rich grasslands. The project will also create a suitably designed sluiced ditch system, so that water levels within the fields can be managed to enhance the grasslands value in supporting important farmland and wetland bird species. Scrapes (shallow ponds) will be created within the wet grasslands to provide feeding areas for target bird species. 7 Ponds will also be created to enhance the sites biodiversity value. The area is particularly important for the protected Great Crested Newt and the provision of new breeding habitat will greatly enhance the area for this species and for other important amphibian assemblages. Around the periphery of the site, new hedgerows will be planting to provide cover and enhanced feeding and breeding areas for wildlife. The completion of the proposed works within Cutacre will make a significant improvement to the biodiversity of the area as a whole, especially when seen in the context of adjacent landscapes and habitats contained within the Great Manchester Wetlands Nature Improvement Area (NIA), a National Government scheme aimed at enhancing wildlife movement and connectivity. Wigan Council are fully signed up and committed to the delivery of projects that contribute to the objectives of the NIA. The UK Priority Species recorded within Cutacre have been identified as priority target species within the wider NIA and the Cutacre project will contribute the suite of initiatives proposed under the umbrella of the NIA. Individual projects, such as the Cutacre conservation grazing project, will, when combined, allow us to influence UK priority species on a landscape scale. The project will also replace the worn out and dilapidated stiles with 12 user friendly kissing gates. Future projects will involve the provision of way marking and information boards, enhancing the visitor experience. Whilst adjacent local communities will undoubtedly benefit from the project, it is envisaged that communities further afield will also benefit as the project contributes to the objectives of the regional NIA initiative, which taken together, will deliver benefits to the region at the landscape level. It is expected that all site users will benefit from being able to visit an attractive, interesting and well managed landscape that is rich in wildlife. The Trust's future vision for the site is to provide an educational resource that will increase local people's appreciation of the wildlife to be found within the site and that can be used as an exemplar of best practice, showing how land can be sustainable managed as both a farm and for wildlife. Local people will be encouraged to not only appreciate the wildlife value of the area, but become active participants in the management of the site. Trust staff have already spoken to local site users, who have indicated their support of the project. We are keen to get the support of local volunteers to help run the site and we already have enquiries from local people on how they can become involved in the site. We have been talking with our local Wigan volunteers and they have agreed to get involved in the management of the site. Volunteers within the Trust's grazing project are also keen to become involved and we are hoping to take on a local volunteer as a cattle checker.

The toilets are in a dilapidated state and are not fit to use. The welfare are is also in a poor state and unhygienic. This also need improving to bring it up to a suitable standard. The club is used by several local groups both young and old. This scheme will enhance the facility whilst ensure the club is fit for purpose. The improvements will also promote increased use of this valuable community asset. Cllr Hunt	Lawrence Hunt	N/A	£3,000.00
20/08/13	247	The Diggers Festival will use music (local/national/international bands/choirs) multi media, street theatre, poets and art to promote Gerrard Winstanley's view "of an earth which is a common treasury for all." The aim of the festival will be to educate , to encourage and engage local people in the history of Gerrard Winstanley, who was born in Wigan and went on to be an influential figure in 17th Century Politics, which are still relevant today in terms of promoting green living. In preparation for the festival local groups/schools will be encouraged to participate in an art project to be displayed at the festival. (This will focus upon sharing and looking after the earth) Youth Groups have agreed to participate in an art project to make scarecrows to be displayed at the festival, each scarecrow will have a message about making the world a better place, or how to improve the environment, or some other message of the youth group's choice (informal, social and political education). A prize will be given for the best one. These young people and their families will attend the community event and share their messages of hope and change to the wider audience. Supported by Wigan Councils Voice and Engagement Team The event will consist of a performance arena in Wigan Town Centre, A main stage will be erected with several other performance areas located on the space. Stalls will be available for groups to promote their organisations and produce/merchandise. A symbolic re-enactment of the digging and sowing which took place on St. George's Hill, Weybridge, Surrey in 1649 by Gerrard Winstanley and 'The Diggers' (who derived their name from this) will take place on the day. Throughout the day people will be able to watch educational historical films on different subjects, be involved in discussion and art workshops.	Lawrence Hunt	gerrard winstanley society wigan	£500.00

04/04/14	494	New Lodge Preschool is a charitable preschool that serves children of all backgrounds and abilities from across the borough. The preschool has recently received a grant to renovate a tired and uninspiring playground into one that will be a stimulating and fun to play in for children for many years to come. However, due to the isolated location of the playground, it is important that we protect it against potential vandalism. Having met with the local Police for the Swinley area, we were advised to install security lights and a CCTV system to deter use of or damage to the new playground. A team of 30 volunteers have invested lots of time into this project to make it the very best playground it can possibly be. The security lights and CCTV are essential to protect the time and love invested by our volunteers and to protect the playground for our children. As a charity we do not have funds to replace the new equipment if it is vandalised, so it CCTV is essential.	George Davies	New Lodge Pre School Wigan and District Scout Council	£600.00 £500.00

25/06/13	171	In our drive to offer a wide variety of extra-curricular activities for the children here at Marus Bridge, a number of the teachers and Governors have set up various after school clubs; all of which are proving highly popular with both our children and their parents too. The rugby and football clubs in-particular, are very well represented. The football team are now playing competitively in a league compiled of local schools (WOWS) and the rugby team have played in a number of locally organised friendlies and a cup competition, with a view to competing in a league next year. At present, both teams share a kit which is quite well worn! We are therefore looking to raise funds to buy a new kit for each team, for which the children are quite rightly very enthusiastic about. As well as fund raising at our summer fayre, we would be extremely grateful if a further donation could be supplied by the council too. We have recently received a quote of approximately £350 pounds per kit, so any donation towards this would be very kindly received! 14/03/14	450	St Paul's Church Goose Green has run Little Stars Toddler group since Jan 2011. It meets every Thursday afternoon in term time and supports around 25 children and their carers, often Grandparents, on a weekly basis at very low cost. We need to update some of the toys, such as a new play kitchen and some rugs as we have recently had more babies arrive. Our volunteers are from the church, the community and the group is now providing two young people with work experience. Little Stars is run in St Paul's church hall which has recently been refurbished to have a better storage area so that the hall can be used by a variety of different groups most of which benefit the community around us. We will be seeking financial support for this refurbishment under a different grant scheme. The hall currently hosts a monthly lunch club, a monthly families meeting, a weekly meeting of the Church Girls and Church Lads' brigade, various sports classes, is available for social and party hire by the community as well as used by St Paul's Primary school and of course by St Paul's church for after school club, Junior church and social events. In addition, we are now in the process of setting up youth drop in on a Thursday evening for children in Juniors and in High school from after Easter 2014. We have previously had the local councillors and representatives from our local youth attend a meeting asking for such a youth drop in, which has now become possible and will be run by volunteers from St Paul's Church as well as from the community itself. Whilst we have had some items donated from the community like a snooker table, a TV and a Wii, we will need to buy extra equipment such as a table tennis set, comfy seating, computer and printer etc. As a church family, we currently have regular contact with three primary schools in the area, with Hope School and are working towards establishing a more formal relationship with Hawkley Hall High School which is our local High School. We would expect between 20 and 50 children to attend the youth drop in. We do not expect either Little Stars nor the Youth drop in to end so have given a far date in the future but only because this was requested by the online form. 19/03/14	461	We are applying for the money so that we can hire the Porta-Loo for the Cricket Season. We need to have bathroom facilities in order to play in the League we are currently subscribed to. We also require funding towards the cost of a Verticut for our lawn mower - this will assist the Groundsman in the preparation of the ground for the weekly Cricket Games.	Paul Kenny	Goose Green Cricket Club	£1,000.00
31/03/14	481	Hope School has taken over full responsibility for the running of The Grange Centre. This involves continuing to provide a community provision to enable members of the public to access library services and vocational activities. Where ever possible we will also be expanding this provision to provide additional resources, St Matthew's Parochial Church Hall sits within the local community of highfield and is owned by St Matthews Church which is situated next door. The Butler lounge (part of the Parochial Church Hall) is in desperate need of refurbishment so that it continues to provide an excellent service to the local community, mainly funerals and christenings We have managed to ringfence £5000 from our account towards the project, however, this leaves us with a £3000 shortfall which cllr Morgan has kindly agreed to contribute towards. St Matthews has around 500 active members who visit the premises throughout the year, aswell as non members who hire the facility for mainly funerals, christenings and charity functions. 06/06/14	562	Annual Festival of Friendship Football Competition for 7's -15's held over the above week end with 100 + teams playing small side games. Age group winners and runners -up receive trophies. There will be over 1000 players and 200 officials plus possibly 1000 supporters over the week end on site at Up-Holland High School / New Fold primary School joint site that provide 6 pitches to play the competition on. This will be the eight year of the event. It not only attracts teams locally but from further afield -this year a team from Tynemouth, Newcastle is coming down. The competition has the backing of the Lancashire Football Association. Councilor Morgan has presented trophies in the past and is a big supporter of our event. Councillors Marie Morgan and Paul Kenny have also pledged £250 each making £750 in total. In the past (when it was hard copy application) Councillor Morgan has usually co-ordinated the councillor funding.	Clive William Morgan	HIGHFIELD GRANGE FOOTBALL CLUB 1983	£250.00
13/06/14	582	FESTIVAL OF FRIENDSHIP FOOTBALL COMPETITION - As previous application REF 697/ 562 which was from Councilor Clive Morgan but forgot to accumulate all three Councillors together (Paul Kenny, Marie & Clive Morgan) to give a total of £750 (£250 each) This application covers the balance £500	Marie Morgan	HIGHFIELD GRANGE FOOTBALL CLUB 1983	£500.00

25/06/14	601	Highfield Cricket Club is celebrating its 90th Anniversary during the 2014 season. We are running many events throughout the year to mark such a fantastic milestone. All other events are being funded from our budgets. We are asking if you would consider funding the catering for the players reunion on Saturday afternoon. We are expecting around 50 former players and officials .	Clive William Morgan	Highfield Cricket Club	£250.00
04/07/14	618	St Matthew's Church Fellowship would like to purchase a Defibrillator. Many organisations use our facility such as the cricket club and bowling club. In addition to this we allow outside functions to non members. Around 300 different people access the church hall on a weekly basis (adults and children). As a church Fellowship we always look at how we can improve health and safety within our facility and after receiving a short presentation from a member of staff from within the NHS we see this as a vital piece of equipment incase should an emergency arise. The total cost of the Defibrillator is £1210.25. There is severe pressure on finances within the faciltor and have only managed to find around £200 from our reserves, therefore, disussed this with Cllr Morgan who has agreed to provide £1000 for this vital piece of equipment. 17/07/14	641	Sesnoriel will be delivering weekly group sessions at a residential setting within Highfield for adults with disabilities. Our group sessions ill cater for up to 10 people per session. Our Mobile Multi Sensory Service enables us to create a sensory room in most spaces. The service can provide sessions in homes, schools, care homes etc and operates on an hourly basis. We have fibre optics, a bubble tube and lots of hand held sensory toys, along with a sensory projector and aromas. Using black out blinds, pop up dark dens we turn the space into an alternative and calming environment for the individual or group, creating new ways to communicate and develop. For those persons with special needs, results of research have shown that access to multi-sensory equipment: (a) stimulates the senses; (b) provides alternatives to medication and isolation; (c) increases functionality and awareness attention; (d) improves appetite, memory, cognition and speech; (e) increases happiness; (f) encourages movement, range of motion and posture; (g) improves relationships; (h) decreases aggression, abuse, anxiety and wandering	Clive William Morgan	Sensoriel CIC	£480.00

02/09/14	690	The grant will fund the purchase of a defibrillator for our Cricket Club. It will benefit all players and the wider community. Some of our players were involved in an incident at a Neighbouring Club on Sat 30/08 and the outcome was not favourable. It highlighted how important it is to have a defibrillator on-site as a peice of vital life saving equipment.	Marie Morgan	goosegreencricketclub	£1,100.00
08/09/14	702	Cllr Marie Morgan has agreed to contribute £250 towards the cost of indoor winter training for the Highfield Grange FC Hawks under 10's football team. The winter training will be held at Hawkley Hall High School's indoor sports hall and will be every Tuesday from 07th October 2014 until 31st March 2015. The cost is £22 per week. Clive William Morgan	Highfield Cricket Club	£500.00
07/11/14	790	I am writing to you on behalf of the volunteers at Hope Community Library who want to deliver class visits in the library. Depending on age, class visits include a library induction, during which children are encourage to join the library, take part in fun library related quizzes and are introduced to storied using a variety of pop-up books and other wonderful books. Schools often have follow up visits on specific topics they are doing at school. The library service have provided Hope with a number of working tools to use at class visits. In order not to deplete their book fund and on behalf of the volunteers, may I put a proposal to you for a donation of £100 from the Brighter Borough fund. This will be used to purchase materials and resources for class visits which would allow them to be self-sufficient. Once in stock these can be used on an ongoing basis. 18/04/14	515	St Paul's Church Goose Green has run Little Stars Toddler group since Jan 2011. It meets every Thursday afternoon in term time and supports around 25 children and their carers, often Grandparents, on a weekly basis at very low cost. Our volunteers are from the church, the community and the group is now providing two young people with work experience. Little Stars is run in St Paul's church hall which has recently been refurbished to have a better storage area so that the hall can be used by a variety of different groups most of which benefit the community around us. We will be seeking financial support for this refurbishment under a different grant scheme. The hall currently hosts a monthly lunch club, a monthly families meeting, a weekly meeting of the Church Girls and Church Lads' brigade, various sports classes, is available for social and party hire by the community as well as used by St Paul's Primary school and of course by St Paul's church for after school club, Junior church and social events. In addition, we are now in the process of setting up youth drop in on a Thursday evening for children in Juniors and in High school from June 2014. We have previously had the local councillors and representatives from our local youth attend a meeting asking for such a youth drop in, which has now become possible and will be run by volunteers from St Paul's Church as well as from the community itself. As a church family, we currently have regular contact with three primary schools in the area, with Hope School and are working towards establishing a more formal relationship with Hawkey Hall High School which is our local High School. We would expect between 20 and 50 children to attend the youth drop in. We have had some items donated from the community like a snooker table, a TV and a Wii, and also received a Brighter Borough grant for some items needed such as a new toy kitchen and a table tennis table but we now urgently require a digital projector and a microwave oven. We do not expect either Little Stars nor the Youth drop in to end so have given a far date in the future but only because this was requested by the online form. 20/08/14	681	The project is to set up two new youth football teams, at age groups U-7 and U-8, for Hawkey FC. The teams will play in the Wigan Youth League, starting in September. The application is to help with start-up costs by providing part of the funding for playing kit and training equipment for the two teams. Other costs will be met by subscriptions by parents, which will also fund the teams going forward into future years. Number of people benefiting will be approximately 20 children initially who would be wearing the playing kit, plus about 6 adult coaches and organisers who would be using the training equipment.
