

Request

We thank you for last year's response (15496) and inclusion within our report and now look forward to seeing your inclusion again within our new report. For the period 1-April-23 to 31-March 2024, we please require disclosure of: -

1. The grid Electricity kwh's consumed & the £-value spent (excl-vat).
2. The natural Gas kwh's consumed & the £-value spent (excl-vat).

Just as our last £4.5 billion disclosure report of public sector usage & cost covered the 400 local authorities, we would again note that the energy usages would fall within the EIR 2004 regulations, and the costs fall within your normal cost spend disclosure on your public facing website disclosures. Therefore, as a local authority there is nothing which can legitimately be deemed to be covered as valid ROI exemptions or commercially sensitive.

Response

Period Required	Year to end April-24
Total purchased electricity kwh's	16987193
Total purchased electricity Cost excl vat	£7,378,629.85
Total purchased natural gas kwh's	17882732
Total purchased natural gas Cost excl vat	£2,480,860.61
