Children and young people who are accessing a Resourced Provision placement are generally expected to have an EHC Plan, however, in specific circumstances this may not be required (i.e. child has moved in from another country and there is evidence of a significant need which would indicate RP is appropriate). For RP's resourced for particular categories of need, certain criteria may need to be met (i.e. for those who are specifically resourced for ASC, a diagnosis would be expected).</li></ol></li></ol> |

7. Details on any compliance / quality checks you carry out on the SRP/ SEN unit.

7. A new quality assurance process for the RPs is currently being consulted on with school leaders.
