

## Request

Please provide the following information:

1. In the period 2019-2023 how many new homes were built?
2. During that same period, of the new homes built, how many were classified as affordable homes?
3. Of the new homes classified as affordable homes, how many were affordable to buy and how many were affordable to rent?
4. Of the new homes classified as affordable homes to rent, how many were genuinely affordable (social housing or affordable rent)?

## Response

1. Between 2019 and the end of the 2023 financial year, 6693 new homes in total were built
2. In the same period 2032 new affordable homes were delivered in total
3. Low-cost home ownership – 859  
Affordable Rent – 1173
4. Affordable Rent – 1173
