

Wigan[♥]
Council

I'd like to issue a Freedom of Information request for the following information:

- The total number of CCTV cameras you currently have in your area (the most recent data available) [Wigan Council currently manages 638 Public Space cameras across the borough](#)
- I'm aware that you probably won't have data for private CCTV cameras, so please just share the most complete number you have available, both residential and commercial, council-owned and otherwise. [Locations of our cameras are freely available through the Councils website.](#)
[Public Space CCTV Locations \(wigan.gov.uk\)](http://wigan.gov.uk)
