Note on terminology

By a ‘nursery’, we mean all Ofsted-registered childcare providers that look after groups of children under five on non-domestic premises for at least 25 hours per week. This includes pre-schools, day nurseries, nursery schools and schools with a nursery.

‘Maintained’ means provision run by the local authority or a state school/nursery. These may or may not make charges to parents.

‘PVI’ means provision run by the private sector, voluntary providers, or independent schools, including PVI provision in children’s centres.

Section A: prices

For children under two

Please provide us with the average prices in your area for children under two for: maintained (local authority or state school or nursery provision) nurseries, PVI (private, voluntary and independent provision) nurseries, and childminders.

Please answer **only ONE** of the following two questions

Nurseries and childminders record their prices in different ways. Some have an hourly rate, while others have a weekly rate for 50 hours provision from 8am to 6pm. If the nursery or childminder does not have a 25-hour rate, please calculate the price of 25 hours provision by halving the 50-hour rate, or failing this, multiplying an hourly rate by 25.

By ‘Maintained’, we mean run by the local authority, such as a state school or local authority-run nursery.

2. **Either:** Please provide us with the average weekly price of childcare for a child under two **once the funded entitlements have been taken into account.**
