

Wigan[♥]
Council

REQUEST 17379

I am writing to request information on the number of on-street marked bays with regulation (i.e. time limited, pay and display) in the whole borough.

I have seen that you publish the number of bays in Wigan town centre but there is no information for the wider borough. I have also seen that a previous FOI request asking for the same information was referred to the council website, but as stated this information is not available.

RESPONSE

We do not hold this information
