

This request only pertains to Carillion's work in the construction/infrastructure sector):

1. How much money has Wigan Metropolitan Borough spent rectifying defects on buildings, which were built by Carillion Group (or any of its subsidiaries). This should be split into yearly figures for every year from January 2018 to the date of your reply.

We have no buildings built by Carillion Group
2. Of the work mentioned in question 1, how many sites did Wigan Metropolitan Borough need to fix? This should also be broken down into yearly figures, and should include the type of site (ie school building, leisure building etc)

N/A
3. How much money does Wigan Metropolitan Borough still expect to spend remediating defects on buildings built by Carillion in the coming years?

N/A
