RESPONSE

We do not directly purchase, or have contracts to purchase products for the National Swap To Stop scheme. All purchases and contracts for the National Swap To Stop Scheme are led by DHSC.

- a) 0 disposable vapes, 0 e-cigarettes.
- b) 65 refillable vapes, 0 e-cigarettes.

Localities submit an expression of interest to DHSC, detailing their chosen vape starter kits bundles that are available via the Crown Commercial Services procurement platform. Localities are then directly awarded the products, purchased by DHSC.
