

Request

I would like to request details regarding the expenditure on supply staffing by each school within your authority for the past three academic years. Specifically, I am seeking the following information:

1. The total amount spent on supply staffing by each school for each of the last three academic years.
2. The names of the supply staffing agencies used by each school during this period.
3. The total amount paid to each supply staffing agency by each school for each of the last three academic years.

For clarity, please provide the information in a tabular format with the following columns for each academic year:

- School Name
- Total Expenditure on Supply Staffing
- Supply Staffing Agencies Used
- Total Amount Paid to Each Agency

Response

Schools provide summary information by cost code each month to the Council. No information about the names of the supply staffing agencies or the total amount paid per agency is available. If further detail is required please contact the schools.
