

REQUEST	16588		
<p>I'm looking to ascertain how much money is spent on profit making organisations in the areas of 4-19 SEND education and (separately) fostering, children's home or secure accommodation placements.</p> <ol style="list-style-type: none"> <li>Please confirm whether you pay Cambian Group and/or Witherslack Group for services in SEND education (4-19) and/or fostering, children's home or secure accommodation placements. This can be a simple Yes/No answer for each organisation. Please also detail the number of children and young people, ideally divided by each organisation and by SEND education (4-19) and/or fostering, children's home or secure accommodation placements. If this is too sensitive/onerous, please simply break the number down by number of children and young people receiving SEND education (4-19) and/or fostering, children's home or secure accommodation placements</li> <li>Please detail the amount of money spent in the last two financial years with for profit providers of SEND education (4-19) and fostering, children's home or secure accommodation placements. Please provide this in a spreadsheet split out between SEND and education and fostering, children's home or secure accommodation. If this is too onerous, I will accept one year's spend</li> <li>If any of the above is too onerous, I will settle for confirmation of whether the authority uses Cambian Group and/or Witherslack Group and an overall figure for spend on all for profit providers of all of the services outlined above.</li> </ol>
