

Request

I would like to know what the Wigan Council hourly\daily charge is for supported living and day opportunities for groups, 2 to 1 and 1 to 1 support please.

*This is for learning disabilities and children's services.

Response

LD Supported Living £20.10/hr waking support, £9.04/hr sleep in.

The Council does not have a standard hourly / day rate for adults learning disabilities day opportunities. Rates are agreed with individual providers following an open-book exercise.

Children's services offer a direct payment service for families who meet the criteria for children with disabilities. This is determined on a case by case basis.
