

REQUEST 17499

Parking consultation – Leigh Sports Village region

- A. Please provide details of the responses to the 2024 parking consultation pertaining to the area surrounding Leigh Sports Village including breakdown of results by street.

- B. Please provide details of the rationale behind the decision to adopt an 'all or nothing' approach in determining whether parking restrictions were appropriate, including whether any consideration was given to the additional and separate difficulties faced by the occupants of Ledgard Avenue and Wintergreen Close, pertaining to the users of the facilities at Leigh East.

- C. Please provide details, in terms of numbers of separate complaints, from occupants of Ledgard Avenue and Wintergreen Close about parking problems during the period January 2019 to December 2024.

RESPONSE

See enclosed

Parking restrictions are not recommended in residential areas as these are areas where people live and often the highway space is relied upon for parking at various times of the day. A scheme with double yellow lines was issued for consultation in 2019 to the residents of Ledgard Avenue and Wintergreen Close and more objections were received than support so was not taken forward.

We do not hold this information
