| Grand Total | 1076 |

2. Please provide copies of any feasibility studies undertaken within the past 5 years to add capacity at any of these schools (whether this capacity has been added or not); please confirm how many school places these schools will have as a result and when these places will be available; and please confirm the capacity details of any new schools to be opened in the same primary and secondary planning areas as the schools above within the next 5 years.

The Council has not undertaken any feasibility studies for these school during the time period requested.

3. Please provide individual school forecasts (where these are produced) or planning area forecasts until the end of the forecast period. Please note what level of housing growth (including specific sites) is included in these forecasts.

The attached document 'Q3 Data' contains 1<sup>st</sup> preference planning area forecasts for the schools indicated in Q1. There are separate tabs detailing the developments with full planning permission that have been included in the forecasts. Pupil yield from housing is included at a rate of 3 pupils per year group per 100 dwellings.

4. Please provide data from the local planning areas relevant to the above schools which detail all committed developments which have made a contribution to Education provision within the past 5 years. As well as site names and application references, please detail any contributions made to Education provision as a condition of the development.

The Council has not been in receipt of any Section 106 contributions for education provision in the Wards of Bryn with Ashton-in-Makerfield North or Ashton-in-Makerfield South within the last 6 years.
