

REQUEST 17547

I am writing with a Freedom of Information request regarding **void re-let times for standard re-lets**.

I am only asking for **one figure**. Do you have the end-of year figure for **void re-let times for standard re-lets** for **23/24**?

The void re-let times for standard re-lets is the average time in calendar days from the day after the tenancy is terminated to the date when the new tenancy agreement starts.

We use the HouseMark definition. I have attached a copy of it for your information. This is not the combined figure for major works and standard lets. It is standard lets only.
