

REQUEST 17553

1. When do you anticipate re-tendering your electrical maintenance and/or PAT testing in domestic and commercial properties?
2. Who are the current providers of the contract?
3. When do you anticipate re-tendering your Gas servicing and Maintenance of domestic and/or commercial properties and/or Heating Maintenance?
4. Who are the current providers on this contract?
5. When do you anticipate retendering for property and void repairs?
6. Who are the current providers of this contract?

RESPONSE

1. The current contract details are included on the published contract register ([Business and tendering opportunities](#)) as row 598. However, the end date is unfortunately entered incorrectly. This contract was awarded via the ESPO Framework Agreement No 306_19 'Portable Electrical Testing Services' (Lot 1). The Chest Reference – DN533512. The contract expires 31 May 2025 after extension clauses utilised. Therefore, a procurement exercise either ran openly or via a framework will be completed prior to this date.
2. UK Test Ltd.
3. The current contract details are included and published on the contract register (link in answer to question one).
4. The current contract details are included and published on the contract register (link in answer to question one).
5. Summer 2026 – aiming for July 2026.
6. Property Maintenance – Wigan and Leigh building services (internal Council team) - responsive repairs to tenanted and void properties.
