

## REQUEST 17590

1. Can you please tell me the number of residential buildings the council owns that are under 11m.
2. Has the council surveyed these under 11m buildings to identify any potential fire and building safety issues? (yes/no answer)
3. If the answer is yes, can you provide the total number of buildings where an issue has been found.
4. Of the buildings that have fire and building safety issues, can you please then provide the total number where remediation work has started?

## RESPONSE

1. 253 buildings which hold multi dwellings such as low-rise blocks of flats.
2. Yes, every 2 years under cyclic Fire risk assessments.
3. 39 low rise buildings
4. All buildings are under action for door and compartmentation surveys and remediation.
