<p>I'm looking to obtain the school attendance rate (percentage) achieved for the academic years 2022/23, 2023/24 &amp; 2024 to date or the most recent available data available.</p> <p>If possible broken down by year or if not by key stage, if that is also not possible then the school as a whole will suffice.</p> <p>The data I would like to see is for 1 specific Primary school in the borough. That being: <b>Millbrook Primary School, Elmfield Shevington WN6 8DL</b></p>			2023/24	2024/25 to date
		R	94.8	95.4
		Y1	96.5	96.4
		Y2	95.9	96.3
		Y3	95.3	95.7
		Y4	95.3	96.4
		Y5	93.7	96.7
		Y6	95.9	94.9
		<p>Please note that local data for 2023/24 and 2024/25 has not been verified.</p>		
		<p>2022/23 is published and available here: <a href="https://www.gov.uk/pupil-absence-in-schools-in-england-2022-to-2023">Pupil absence in schools in England: 2022 to 2023 - GOV.UK</a></p>
