

STANDISH NEIGHBOURHOOD PLAN – POLICY NUMBERING

Following the Regulation 14 consultation of the draft Standish Neighbourhood Plan, it was decided that the policies within it should be given a different numbering system to provide more clarity for the public and council officers.

Therefore, a lettering system was included into the policy numbering. Also, after the consultation, it was decided a small number of policies should be presented in different sections, split, omitted or combined, and new policies were added.

Here is a list of policies in this Regulation 16 draft of the Neighbourhood Plan with, in brackets, the corresponding policies consulted upon in the Regulation 14 consultation.
