

Can we help you?

Who are we?

Digital Communities Partnership

The Digital Communities Partnership is a group of local community organisations working together to combat digital exclusion in our Borough. You don't need to be a digital expert, the group is designed to welcome partners from all backgrounds who offer anything from inclusive community groups to services, courses and digital learning opportunities for Wigan Borough residents.

Area we can help in

Wigan Borough.

How we can help you?

The Digital Communities Partnership meets on a quarterly basis, both in-person and virtually. We provide the following support to members; regular updates on digital inclusion work, including any funding releases and other opportunities. Facilitation of working groups to problem solve and discuss time sensitive topics. Help to audit your organisation's digital skills and give you access to bespoke training to support the development of your staff and volunteers' digital skills. Signposting to resources and support you in improving your social media strategy and web page design and accessibility. Promotion of your organisation from Wigan Council's digital pages and Twitter account. Training and technologies to help your volunteers lead digital sessions such as digital skills, coding and creativity.
