About The Atherton Fund

The Council has made a commitment to invest further in the Atherton area, and the capital receipt from the sale of the old Atherton Library has been ring-fenced to provide a local investment fund.

This dedicated fund will aim to improve the lives of residents, addressing local priorities and improving the spaces that matter most. It is important the projects that are successful in receiving funding demonstrate the lasting legacy for the area this will have.

Since January 2022 Wigan Council have supported 21 community organisations with £300,000 amount of funding.
