

Section 218A of the Housing Act 1996 makes it a requirement for us to publish our ASB policy and procedure document.

Section 218A Anti-social behaviour: landlords' policies and procedures sub section (4) states the landlord must from time to time keep the policy and procedures under review and, when it thinks appropriate, publish a revised statement:

Revised Statement

Wigan Council has recently restructured the team that deals with reports of anti-social behaviour and have now established our Community Resilience Team, where greater emphasis whilst addressing issues of anti-social behaviour will be placed on trying to develop community cohesion and resilience.

In order to more accurately reflect our change in approach, together with the publication of recent Statutory guidance in relation to the Anti-social behaviour, Crime and Policing Act 2014 it is necessary to revise our Wigan ASB Policy and Procedures Document (2016). This document has therefore temporarily been taken down from our site.

If you still require a copy of the Wigan ASB Policy and Procedures Document (2016), then please email communityresilienceteam@wigan.gov.uk and a copy will be supplied free of charge.
