

Wigan Borough Community Safety Partnership Board

Our Priorities 2022 – 2025 to Create Safe Communities that Care for Each Other

Building Resilient Communities

We will work together to:

- Reduce anti-social behaviour and violent crime in neighbourhoods
- Deliver the duty to prevent and reduce serious violence
- Ensure victims are heard and supported effectively
- Oversee the Prevent and Channel Agenda in the Borough

Organised Crime

We will work together to:

- Use local intelligence to investigate crimes that impact neighbourhoods
- Work together to prevent/reduce the exploitation of children and young people
- Create Problem Profiles that reflect local issues
- Ensure clear roles for the Steering Group, Tasking Group, and Bronze Meeting and measure their impact

Domestic Abuse

We will work together to:

- Ensure victims, families and children feel safe, heard, and reassured by our delivery of our Strategy

- Address the underlying culture behind our high rates and increase the early presentation of issues
- Reduce high-risk cases
- Enforce action against perpetrators

Multi-Agency Licensing

We will work together to:

- Ensure that women feel safer going out at night
- Apply for Purple Flag accreditation that will promote a safe night-time economy
- Actively respond to problems at Licensed Premises

Youth Justice

We will work together to:

- Continue to develop with partners a child first youth justice system
- Prevent & reduce anti-social behaviour & offending (including serious youth violence) by children.
- Reduce disproportionality in the youth justice system where this is prevalent for certain groups of children.
- Improve the understanding of the health and education needs to improve the offer for youth justice involved children.

- Improve the offer to victims of youth ASB & crime using restorative approaches.

Reducing Reoffending

We will work together to:

- Create an effective, joined up Probation Service
- Increase opportunities to reduce reoffending through a targeted and joined-up service
- Deliver an enhanced offer for young people transitioning into adult services

Place

We will work together to:

- Respond to escalating issues with targeted plans
- Create neighbourhood models with GMP, GMFRS
- Support the development of the family hub and early help offer
- Set priorities with neighbourhoods based on emerging intelligence and engagement
- Increase cohesion and support communities to help themselves

Enablers

We will work together to:

- Develop a Dashboard to measure the impact of our work and success
- Deploy our resources collectively to tackle shared issues
- Ensure we have quality data and intelligence to create a robust picture of demand
- Develop a joint communications and media plan to ensure the public have confidence in our joint work

Gender-Based Violence

- Support the delivery of the GMCA Strategy
- Develop and deliver a local Strategy
